## MORE THAN JUST A SERVICE OPPORTUNITY

At MEC, we're committed to fostering a diverse and inclusive community. We understand the importance of providing support to individuals from historically underrepresented backgrounds. That's why we encourage some members to participate in affinity groups designed to offer guidance, understanding, and empowerment.

Additionally, we have a Member Support Fund in place to assist our members during unexpected financial challenges. Whether it's covering rent, groceries, or car repairs, we're here to ensure that our members can focus on their service and personal growth without added worries.

A HOPE NETWORK INITIATIVE

# Providing the Solution to Michigan's Education Crises

Michigan Education Corps is an AmeriCorps program that serves students age three through grade eight, ensuring each one has a chance to succeed. We do this because the facts don't lie—if a student is proficient in reading and math, the future looks a whole lot brighter for them.

## Why Serve With Us?

Reading Corps, our most extensive program, places AmeriCorps members in schools to support children in kindergarten through third grade by developing their reading skills. The interventionist uses scripted, evidence-based literacy strategies and interventions to ensure each student is on track to read at grade level.

In partnership with the Michigan Department of Education (MDE) and Hope Network, MEC members can benefit from career exploration groups that provide guidance and support in planning the next steps after service.

During your time with MEC, you'll strengthen valuable transferable skills such as time management, organization, and data-driven decision-making.

For those seeking a career in education, MEC serves as a 'Tutor-to-Teacher' pipeline, helping pave the way for a rewarding career in education. Many of our AmeriCorps members use their service term to build strong relationships with local school districts, opening doors to potential employment opportunities.

## Credentialing Opportunities

### MICHIGAN YOUTH DEVELOPMENT ASSOCIATE (MI-YDA)

Reading Corps Interventionists may opt to complete the Mi-YDA credential. This credential will help prepare individuals to work with school-age youth and provide developmentally appropriate support.

### DAVENPORT UNIVERSITY PARTNERSHIP

Davenport University has been leveraging the benefits of the MEC experience and the College of Urban Education for the past two years. Interventionists who want to become educators are encouraged to consider Davenport's Certificate in Urban Education alternative route to teacher certification post-baccalaureate program. MEC service time can help with tuition reduction for this program through a combination of the Segal AmeriCorps Education Award and Davenport partnership tuition grants.
